

## I am proud to be a Nidderdale High School parent .....

I just wanted to drop a quick line to say thank you.

We have found the communication, support and timetabling really positive and helpful and cannot fault you and your team in what you have managed to achieve during this time and how you have handled this crisis.

I would just like to take this opportunity to thank all the staff at Nidderdale for their incredible amount of hard work!

Thank you for keeping us so well informed in such a caring manner.

It is fabulous to see Team Nidd living its values without the physical need to be in school! I think it is a true reflection and measure of a fabulous school! We are thrilled to see our daughter take things in her stride, embrace learning in a different way and continue her love of learning whilst taking part in other different and new things. This doesn't happen by chance and all the work you put in to help the children achieve this is amazing! Thank you.

I would like to thank you and all of your amazing staff for your approach to the challenges of home- schooling and adapting to a whole new educational regime for students, parents and teachers alike. Being receptive to feedback and implementing a "timetable" in such a short period of time, with so many unknowns, is very much appreciated and respected by us.

Our main reason for writing is to take the opportunity to thank you and your staff for the tremendous efforts you are going to, to ensure the children are happy and as least affected as possible during these unprecedented times. The love, the care and the compassion that has been shown to the children and to us, as parents, has been amazing and we really want to thank you and your staff.

My daughter joined Team nidd last year and loved it from day one. She was apprehensive as most of her friends went to other schools, and she worried she wouldn't be able to remember all the rules, but it quickly became clear she had nothing to worry about. As a parent it has been wonderful to see her enjoying school and making lots of new friends. Throughout lockdown the school were brilliant keeping all of us informed and setting very clear work which she was able to follow with no problems. There were also plenty of art, sports and even singing activities which lead to a fabulous end of term ' Rainbow of Resilience' which showed a vast collection of work across the school. A poignant reminder of the months spent at home, but still very much part of school. I am so pleased we made the decision to send our child to Nidderdale. Being part of a small, rural community ensures that she is recognised for all her achievements and any worries are dealt with easily and quickly.
