Statement of intent

At Nidderdale High School we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed.

This information is intended to provide clarity and transparency to pupils and parents / carers about what to expect from remote education if local restrictions require entire cohorts (or bubbles) to remain at home.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.
- Ensure provision is in place so that all pupils have access to high quality learning resources.
- Protect pupils from the risks associated with using devices connected to the internet.
- Ensure staff, parents / carers, and pupil data remains secure and is not lost or misused.
- Ensure robust safeguarding measures continue to be in effect during the period of remote learning.
- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.

- Setting work for their own classes. Where a class has more than one teacher, one teacher may take the lead on setting work
- Ensuring that each of their classes has sufficient and appropriate work to complete during the scheduled lesson time.
- Ensuring that Teams assignments are set for each of their classes. This could be set in advance with clear instructions or scheduled to be available from the start of the scheduled lesson time.
- Setting work for students which motivates, inspires and encourages independence. A variety of activities should be set using a range of learning platforms such as GCSE Bitesize, MyMaths, Kahoot and youtube videos to support learning.
- There should be a balanced approach to revisiting prior knowledge and the introduction of new knowledge and skills.
- Teachers need to ensure that the content they are providing the students with is accessible and achievable for the students to complete at home, independently

- Teachers need to update ClassCharts weekly with 'work submitted' positives to support the whole-school work tracking system.

Providing feedback on work

- Teachers should provide regular feedback to students. Students need to know what they are doing well and what they need to do to make progress. This may be in a variety of forms such as specific feedback on teams, individual emails, assessments/marks and whole group feedback
- Specific questions should be responded to within 24 hours whenever possible, taking account of teaching staff part time working patterns where relevant.

Microsoft Teams sessions

We understand that for students to make progress they need academic support and stimulus from their subject teachers. Some teachers may choose to deliver 'live' lessons to some of their classes. The DfE has recently acknowledged that students require a variety of approaches to teaching and that live lessons should be used as part of a broad toolkit of strategies that teachers deploy.

- Teams sessions are designed to increase interactions between teacher and student and to focus aspects of expert teaching such as questioning to ensure students understand the tasks set.
- Teachers choosing to deliver live lessons are responsible for presenting some key learning. This should be for about 20mins and could be at the start of the session leaving availability for questions/support.
- Student cameras should be off, microphones should be muted and appropriate discussions should be shared in the "chat". Students might also be required to use the "raise hand" function when questions have been directed by the teacher. If a student fails to follow classroom expectations they will be removed from the lesson and a phone call will be made to parents
- Staff camera should ideally be on but if staff have personal issues with this there is no expectation that they have to present visually
- Staff and students must ensure they are conducting online lessons in a suitable environment for learning
- Should a member of staff have a safeguarding concern they should follow schools reporting procedure.
- Live lessons are recorded and students will be notified by their teacher when recording is starting. This will enable students that are unable to access the live lesson at the time of recording to access it at a more convenient time.
- Teachers working in school will provide online learning for their classes to complete in their absence.

Keeping in touch with students and parents

- Any contact should be made through school emails and systems
- Any questions raised will receive a response with 1 working day, wherever possible and taking account of part time working for some staff
- Any complaints or concerns shared by parents and students should follow school procedure

- Any behavioural issues, such as failing to complete work should follow school procedure through Director of Learning or Pastoral Team. However, staff should be mindful of the extra pressure of home learning and the lockdown situation

- We teach the same curriculum remotely as we do in school wherever possible and appropriate. However, we have needed to make some adaptations in some subjects. For example, in DT students are not allowed to submit any of their practical pieces that they have made at home for their GCSE, but they can use their work as a prototype for their final piece made in school.
